EASY WINTERIZING

ONE PIECE

Economical and practical, the Festiva is easy to install and adapts easily to pool bottom level variations on aboveground pools 48" to 54". Its slip-resistant surfaces ensure greater safety and its front-loading ballast makes removal and winterizing easy. It can also be installed on a pool with no deck with the Classic Ladder 6007 (non regulatory in Quebec) or the Self-Latching ladder 9700.
