

# H2O | 7000

Aboveground pool ladder

The H2O ladder is molded in one single piece and entirely closed to make it entrapment-free and child-proof.

The H2O can be assembled with the Classic Ladder 6003 (non regulatory in Quebec) or the Self-Latching Ladder 9600 on pools with no deck.

Aboveground pool ladder

## H2O responds to the American National Standard

H2O meets ISPSC supplemental standard that says:

*A ladder manufacturer shall provide a means to inhibit child entrapment between the ladder and the pool wall and through the risers.*
